

Can We Trust You!!!???

I am a widow in agony and I urgently wish to solicit your assistance in relocating my late husband's financial assets in an honest capacity.

My name is Mrs. Pearl De Lile Jaffar; wife of the late Capt. Johnson De Lile Jaffar, who until his death headed our country's armoury and procurement unit. As a confused widow, I fled our oil-rich country, Equatorial Guinea, with my children after much persecution by the government over the failed coup plot to topple the country's longtime leader, with foreign mercenaries. We have tried to settle down here with many obstacles. Unfortunately, our country is completely shut us off from financial assistance and immigration.
